Join us for an educational workshop on the diagnosis, treatment and monitoring of plasma cell malignancies, including current practices and opportunities for improvement.

The workshop will include lectures plus roundtable discussions around the most hot and controversial topics, featuring point-counterpoint conversations between invited speakers and local hematologists based on both challenging questions and clinical cases.

Numerous networking opportunities will also be available in order to establish potential collaborations among speakers and participants.

In support of improving patient care, this activity has been planned and implemented by Mayo Clinic College of Medicine and Science and International Myeloma Society. Mayo Clinic College of Medicine and Science is jointly accredited by the American Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
